- Nett weight: 0.0279 kg
- Tare weight: 0.328 kg
- EAN: 87 12581 49735 4
- Number of consumer packagings: 3

Outer Carton
- Gross weight: 3.43 kg
- Outer carton (L x W x H): 54.1 x 21.8 x 18.1 cm
- Nett weight: 0.2232 kg
- Tare weight: 3.2068 kg
- EAN: 87 12581 49736 1
- Number of consumer packagings: 24

Packaging dimensions
- Packaging dimensions (W x H x D): 9.5 x 15 x 4 cm
- Gross weight: 0.0975 kg
- Nett weight: 0.0093 kg
- Tare weight: 0.0882 kg
- EAN: 87 12581 49733 0
- Number of products included: 1
- Packaging type: Blister

Highlights

Super soft rubber caps
The ultra soft rubber material on the rubber caps are sensational to the touch and adapts effortlessly to your ear. In-ear headphones have never been this comfortable.

For most directional sound
Angled Acoustic Pipe is designed according to the curvature of the human ear canal so that soundwaves from the speaker are directed precisely to your ear drum with the highest definition

For long-lasting comfort
The ear caps are made of extra soft silicon material which is sensational to the touch and fits effortlessly into your ear. They feel so good that you simply don't want to take them off.

For a snug and natural fit
Angled Acoustic Pipe is ergonomically designed according to the anatomy of the human ear canal. It fits in the ear so snugly and comfortably that you can put it on and simply forget about it.

For best sound at low volume
You don't have to turn up the volume in noisy places anymore. Angled Acoustic Pipe and the perfectly sealing earbuds cut off background noise significantly, delivering the same quality sound at lower volume and a longer battery life.

Provides extra cable length
With the extra length provided by the extension cord, you have more freedom to move around without carrying your audio source. You can also customize the cable length according to your specific needs.

Neatly stores headphones away
This sumptuous little zip pouch not only looks hip, but also stores your headphones and cable neatly when they're not in use.

reproduce wide frequency range
Acoustically tuned speaker drivers are carefully designed to reproduce the widest possible frequency range in any recording, delivering the deepest rich bass and crystal clear treble in every piece of music you listen to

For deepest and richest bass
Turbo Bass air vents allow air movement for high-fidelity reproduction of the deepest and richest bass.
